

INSTALLATION GUIDE

2017-20 Ford Raptor Gen 2 Ditch Lights

WHAT'S INCLUDED

- 2 × Light Pods
- 2 × Metal Brackets
- All hardware
- M&R Wiring Harness

WIRING

Your kit includes an M&R wiring harness that links the two light pods together. Connect it to your AUX switch wires. No AUX wires? Use our Wireless Harness.

Your light pods have the following wires:

WIRE COLOR	FUNCTION
RED	Positive — power to main light
BLACK	Negative — Ground
WHITE	Positive — amber DRL backglow

IMPORTANT

For off-road use only. By proceeding with installation, you agree that M&R Automotive assumes no liability for injury and/or vehicle damage. All risks associated with installation and use are the sole responsibility of the customer.

Thank you for your purchase. We design unique, bolt-on off-road lighting built for a clean factory look and serious performance.
